Kronos and Kronos Acuity+ will undergo planned maintenance on **Monday-Tuesday, February 10-11, 2020, from 10:00 p.m. - 4:00 a.m.** The systems will be unavailable during part or all of the maintenance period. Time clocks will still record punches, which will be transmitted to Kronos once server connections are re-established.

U hospitals and clinics that depend on either system for patient care should prepare downtime procedures for the duration of the maintenance period.

Kronos Acuity+ will still be accessible, however, schedule and employee data pulled from Kronos will not be updated during the downtime.

If you have questions, your local IT support staff may be able to assist, or you may contact your respective help desk: UIT Help Desk (801-581-4000, option 1) or ITS Service Desk (801-587-6000).

Please visit the [University IT Services Status page](http://example.com) for information during this and future maintenance events.
