

Architecture & New Technology Committee

September 26, 2016

Eccles Broadcast Center, Dumke room

Agenda

1. Network architecture community of practice
2. UMail changes and SLAs
3. Open floor
4. Adjourn

1. Network architecture community of practice

Chief Technology Officer Jim Livingston and Clayton Barlow, associate director of Enterprise Architecture, will present the concept of a community of practice around network architecture. [The proposed charter can be found in the Box folder.](#) This is an action item. The committee is being asked to vote on whether to approve this community of practice.

2. UMail changes and SLAs

Chief Technology Officer Jim Livingston and Common Infrastructure Services Director Mike Ekstrom will discuss recent changes to the UMail service in response to security events. These changes include disabling SMTP authentication for off-campus users. [More about this topic can be found in the Box folder.](#)

They would also like to get input on UMail user expectations in relation to service level agreements. This is a discussion/information item.

3. Open floor

Any issues that need to be discussed here publicly before we next meet?
