

## Architecture & New Technology Committee

October 24, 2016

Eccles Broadcast Center, Dumke room

# Agenda

1. Private IP space open discussion to identify Community of Practice issues
2. Open floor
3. Adjourn

# 1. Private IP space open discussion

Clayton Barlow will lead an open discussion regarding recent questions and concerns around private IP space to gather issues that will go to the Network Architecture Community of Practice for further examination. That group's recommendations will then come back to ANTC for approval. Also, we need to finalize the membership for the Community of Practice.

More information about the use of Private IP space can be found in Box at <https://uofu.box.com/s/9v724ysv94lglkro2t2p4gi5c0pr5usq>.

Information about the Network Architecture Community of Practice approved at last month's ANTC meeting can be found at <https://uofu.box.com/s/sypb96431mfnm337r75akirwmylhofrc>.

## 2. Open floor

Any issues that need to be discussed here publicly before we next meet?
