

 THE UNIVERSITY OF UTAH®

Enterprise Web Advisory Council
September 22, 2017
Union Den, Olpin Student Union

Agenda

1. Google Search Appliance update
2. Finalize subcommittee to recommend approach to Policy 4-003 revision
3. FAR profile redesign
4. Updated CIS portal launch
5. Open floor
6. Adjourn

1. Google Search Appliance update

Barb Iannucci will update the group on the progress of the Google Search Appliance replacement effort. The university's Common Good funding committee heard information regarding the GSA and is currently considering the request to fund web search centrally in the future.

2. Finalize subcommittee on revision path for 4-003

Last meeting, we discussed getting a subcommittee together to recommend a path for reviewing and possibly updating university Policy 4-003 World Wide Web resources. Several people were nominated or volunteered for that group, including:

- Pat Hanna
- Scott McAward
- Barb Iannucci
- A TBD member of the Office of Equal Opportunity

This time we would like to finalize the group to begin discussing how to approach this review and potential update.

This is an action item.

3. FAR profile redesign

Amy Wildermuth will discuss the redesign of the Faculty Activity Report, which gathers information on the work and accomplishments of university faculty.

This is an information item.

4. Updated CIS portal launch

Marv Hawkins of University Support Services will discuss the recently launched redesign of the Campus Information Systems portal.

This is an information/discussion item.

5. Open floor

Any issues that need to be discussed here publicly before we next meet?
