UNABLE TO ATTEND: Randy Dryer, Stephen Hess, Peter Jensen, Connor Morgan, Wayne Samuelson, Ryan Steele, Patrick Tripeny.

AGENDA ITEMS:

1. Review of this year's TLP LS-SCF process
2. Course design documents: An in-depth look
3. Shared Infrastructure
4. Reopening discussion about campus polling technologies
5. Derivita demo announcement

Summary

1. Review of this year's TLP LS-SCF process

Paul Burrows, TLT information architect, gave an overview of the most recent annual Learning Spaces - Student Computing Fees application and review process. This was an information item.

2. Course design documents: An in-depth look

Cecile Paskett, TLT instructional designer, described how she and her colleagues guide instructors through the online course design process. This was an information item.

3. Shared Infrastructure

Mike Ekstrom, UIT director for Network and Communications Infrastructure, broached the question of if, and under what circumstances, the U might provide data backup and storage to support students in their coursework and research while at the U. This was a discussion item.

Action: TLP recommended that a representative from the group take this topic to the IT [Architecture and New Technology committee](#) to determine how to best address the issue.

4. Reopening discussion about campus polling technologies

Steve Bannister, assistant professor (lecturer) from the Department of Economics, demonstrated how he uses [PollEverywhere](#) in his teaching. He proposed that the U centrally support the purchase and support of PollEverywhere for instructors.

Action: Jon Thomas will research what polling technologies are currently in use at the U and report to the Portfolio.

5. Derivita demo

Cory Stokes, UOnline director and associate dean for undergraduate studies, informed Portfolio members about an upcoming [Derivita](#) demo. Derivita is a mathematics education support tool. The demo will happen on March 25, 2019 at 2:00 p.m. in the TLT office.
