QScan service downtime 1/17/18

You are receiving this email because you are subscribed to UIT's public email list.

The QScan website qscan.iso.utah.edu, which provides self-service vulnerability scanning for university network administrators, will undergo planned maintenance on **Wednesday, January 17, 2018 from 8:00 a.m. - 5:00 p.m.** There will be up to 3 hours downtime during the maintenance window.

If you have questions, your local IT desktop support staff may be able to assist, or you may contact the UIT Help Desk at 801-581-4000 option 1 for more information.

Please visit the [University IT Services Status page](#) for information during this and future maintenance events.
