THE UNIVERSITY OF UTAH

Infoblox maintenance affecting network, internet, email services 12/23/19, 9:00 p.m. – 12/24/19, 3:00 a.m.

You're receiving this email because you're subscribed to UIT's public email list.

UIT will conduct Infoblox maintenance on **Monday, December 23, 2019 from 9:00 p.m. to 3:00 a.m. Tuesday, December 24, 2019**. During the maintenance window, domain name system (DNS) services on the EBC node will be intermittently unavailable for four one-minute periods, affecting network, internet, and email access for some users.

System administrators should validate that their services are operational as soon as possible after the maintenance window ends. To report any issues, please call the UIT Help Desk at 801-581-4000, option 1, and open a “high ticket” for the Network team.

Please visit the [University IT Services Status page](#) for information during this and future maintenance events.
