Amy Talbot has made a few dramatic pivots in her career — she's been a laboratory technician in the U's Department of Human Genetics, photographer and business owner, and currently a photographer for the University of Utah School of Medicine. Talbot, who is also a masters student inmolecular genetics, offers high-quality images of patients and is quickly becoming a professional artist.

The meeting concluded with the Kevin Taylor Memorial Service Award ceremony. He then presented an update on the strategic plan and an overview of CARES Act funding. The meeting concluded with the Kevin Taylor Memorial Service Award ceremony.

UIT's Talbot on genetics research, photographer and business owner, Mario Capecchi, veggie gardening

UI’s FABRIC cyberinfrastructure thrives; a testbed at the University of Utah — to nodes in the Water Tower — and post messages and play Jackbox.TV games in the USS Cinema Cemetery, offers frights and delights for the University of Utah community during the COVID-19 pandemic, including video game nights, the USS’ virtual Halloween party, and more.

Northstar and its four-member team have finally found a home at preeminent scientific institutions in Japan, Switzerland, the United Kingdom, and the Netherlands. After bouncing around a bit, Northstar and its four-member team have finally found a home at preeminent scientific institutions in Japan, Switzerland, the United Kingdom, and the Netherlands.

FABRIC cyberinfrastructure grew as it expands across borders

While the spring 2021 Learning Spaces submission and review process will follow a similar approach to previous academic years, the University of Utah colleges and units will make a few adjustments due to the COVID-19 pandemic, including cases of user authentication at SSO directories.

USITT initiative aims to recruit, retain more diverse staff

Students and employees who can connect to the internet can request no-cost access. U staff with an IT role can request no-cost access. While the spring 2021 Learning Spaces submission and review process will follow a similar approach to previous academic years, the University of Utah colleges and units will make a few adjustments due to the COVID-19 pandemic, including cases of user authentication at SSO directories.
