UIT Mission

UIT is a strategic business unit of the University of Utah. We deliver information technology services and solutions that help faculty, staff, and students achieve the University’s mission to improve society through education, discovery, and creative expression.

UIT Staff

UIT provides a wide range of services to meet the needs of the University of Utah community. We work closely with IT, central services, and other departments to ensure that the University’s IT goals are aligned with the University’s academic and IT resources.

UIT Staff Directory
