Ultimate Kronos Group (UKG) will undergo planned maintenance on Friday-Saturday, June 23-24, 2023, from 10:00 p.m. to 4:00 a.m.

UKG Workforce Central and UKG Acuity+ servers and applications will be unavailable for part or all of the maintenance period. Time clocks will still record punches, which will be transmitted to UKG once server connections are reestablished.

U hospitals and clinics that depend on UKG for patient care should prepare downtime procedures for the duration of the maintenance period.
