Architecture & New Technology Committee
February 25, 2019
Eccles Broadcast Center, Dumke Room
Agenda

1. Managed Print Service (MPS) subcommittee report
2. Network authentication change
3. Anonymous network access
4. UMail / O365 update
5. Cellular strategy and state legislation
6. Open floor
7. Adjourn
1. Managed Print Service (MPS) subcommittee report

Dan Archer, director for the University of Utah Campus Store, will give a general update on the progress of the Managed Print Service (MPS) subcommittee.

This is an information item.
2. Network authentication change

Corey Roach, manager for enterprise security, will discuss a change to the way the University authenticates network connections. Currently, two methods are used (PEAP and EAP-TLS), and Corey will propose moving strictly to EAP-TLS.

This is an action item.
3. Anonymous network access

Corey Roach, manager for enterprise security, will brief the committee on an upcoming change to anonymous network access. This topic was previously discussed at the most recent SITC meeting on January 15, 2019.

This is an information item.
4. UMail / O365 update

Mike Ekstrom, director for UIT Network & Communications Infrastructure, will give a general update on O365 and current UMail projects.

This is an information item.
5. Cellular strategy and state legislation

Mike Ekstrom, director for UIT Network & Communications Infrastructure, will give an update on the campus cellular strategy and state legislation regarding this issue.

This is an information item.
6. Open floor

Any issues that need to be discussed here publicly before we next meet?
