- Processes identified that we need to map (and potentially who will map them) and deadlines.
- Top 3 priorities for EWAC moving forward.
- Identify any recommendations that need to go to Cabinet.

The committee voted to assign Barb Iannucci to form and lead a U web resources website group and come back to the full EWAC with a strategy for the site.

The committee voted to assign the group to determine who has responsibility for monitoring email messages that come into and are sent from webmaster@utah.edu.
