Agenda

1. CMS executive summary
2. Open floor
3. Adjourn
1. CMS executive summary

At the September 2018 EWAC meeting, Barb Iannucci, associate director for content management and usability for University Information Technology, Nate Tanner, director of marketing and sales for Interactive Marketing & Web, and Scott Troxel, director of digital strategy for University Marketing & Communications were asked to draft an executive summary identifying specific problems with the university’s decentralized web services, along with recommended solutions.

Although the executive summary is still a draft in process, EWAC Chair Lori McDonald will lead a focused discussion about the findings thus far, specifically in regards to choosing a common tool and creating a community of practice.

The current draft can be viewed in Box.

This is a discussion item.
2. Open floor

Any issues that need to be discussed here publicly before we next meet?
